

the sun

- familiarity, bringer of life

Share:  
your love, your motivations,  
what helps you continue  
and what that means..

the bear

- strength, hibernation

Share:  
your needs of  
your environment  
what helps you  
sustain from  
where you are.

the cold

- something more to survive,  
destroyer of motivation

Share:  
what holds you back,  
makes you isolate.

the fear

- fight or flight

Share:  
what you want out of  
life, how you will defend  
it.

the light

- of the sun,  
guiding us somewhere

Share:  
what you look forward  
to, in this moment.
